" Just so you can talk about it, say online staff AbeBooks Bookstore. AbeBooks. That. Even though thereeAAAs no perfect answer to what makes for the great book club fit, here are a few additional tips that could help you choose that next memorable title: Length matters. Even though I devoured Donna Tartt's Pulitzer Prize-winning *The Goldfinch*, the members of one of my book clubs didn't appreciate that I suggested it as a read. I have the suspicion that the fact that *Tartt's* contemporary mystery is 771 pages long didn't help my case. WeAAAVE since established a books-no-longer-than-300ish-pages rule. Genre matters. If your book club is themed or devoted to one genre or subject, stick to it. If youAAAre a reader's collective who dig political memoirs, don't branch out into romantic literature and vice versa. If your book club doesn't have a theme though, find it. If youAAAre open to anything eAAAd fiction, non-fiction, science books, essays, thrillers, best-sellers eAAAd you risk alienating part of the membership. One of my book clubs has that eAAAd anything goesAAAd motto and more often than not I just don't even start whatever is supposed to be read that month. Even though the openness of the group allowed me to enjoy Simone de Beauvoir's feminist manifesto *The Second Sex* or Octavia E. Butler's dystopian novel *The Parable of the Sower*, I just knew *Blackchicken Farm* was not for me. A Recent releases make for fewer surprises and a better understanding of the current cultural sensibilities. In my search for great adventure reads, I gave both Jules Verne's *Around the World in Eighty Days* (1872) and Rafael Sabatini's *Captain Blood* (1922) a try. Both were problematic and I ended up abandoning the second one entirely. IeAAAm not saying read only recently published stuff, but be aware that certain content with inappropriate or outdated depictions of race, gender, class or sexual orientation can trigger readers. And remember that it's perfectly OK to not finish a book eAAAd you even you have to start reading it first. Choosing a title that will please you every time is scary. Doing this when there is an entire group of people involved is an impossible task. The power of a book club is to socialize and gather around a table — or Zoom meeting or a piece of grass in the park, in COVID times. You can even make things easier for your co-members and opt for the fraud method we employ in the Ask book club: we are selecting books that have also been adapted for movies. Don't judge us — sometimes we like to talk about a book, even if we have watched the movie. More than one question. COM(86) 399 final Proposal for a Council Regulation (EEC) on the common organization of the market in fishery products (presented by the Commission) When a teacher or anyone else asks you to write a summary of the book, he or she is asking you to read a book and write a short account that explains the main points, characters and any other important information in your own words. The reader of his summary must have an understanding of the book without ever reading it. Many teachers and teachers ask students to do this to ensure they read and understand the material they have attributed. If you are currently working on your first book summary, here's how to do it. Knowing Attribution and choosing a book Before you start, you need to know what your teacher expects from you. Did he or she assign a particular book, or can you select yourself? you will also need to know how long the summary should be. Your teacher may want it to be at least one page or two or so many words so you can show that you really understood what you read. Once you have the book in hand, if your teacher has assigned it or you have chosen it, you should take a pen and a notebook to keep with you at all times. Whenever you read a chapter or two, you will want to take notes on what you read. A list of characters and their problems and goals. Keep an outline of the plot. Remember, you are not rewriting the book. It provides a holistically integrated reading and writing approach, making it easy for instructors to teach the reading and writing fundamentals in a mixed course - and showing students how reading and writing processes are reciprocal and reinforcing. The FUSION structure highlights critical reading strategies side by side with the shared traits of writing, such as the main idea, details and organization, and guides students in reading analysis to generate writing. The book teaches the types of writing that students will find in their future courses. The grammar instruction includes integrated and practical exercises that use professional models and students of high interest. 1 Fusion: Integrated Reading and Writing Book 2, Third Edition Dave Kemper, Verne Meyer, John Van Rys, and Pat Sebranek.
